SILICON CARBIDE ABRASIVE PAPERS

CONSUMABLES FOR **METALLOGRAPHY**

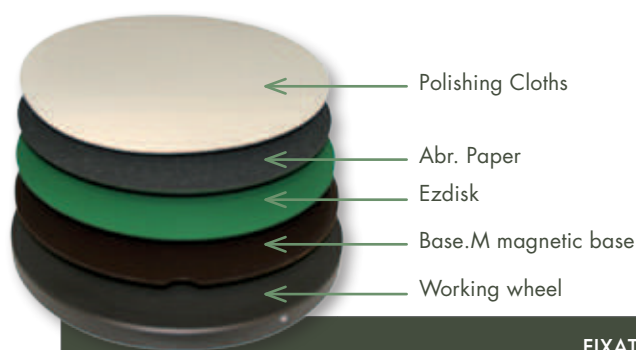

SILICON CARBIDE ABRASIVE PAPERS

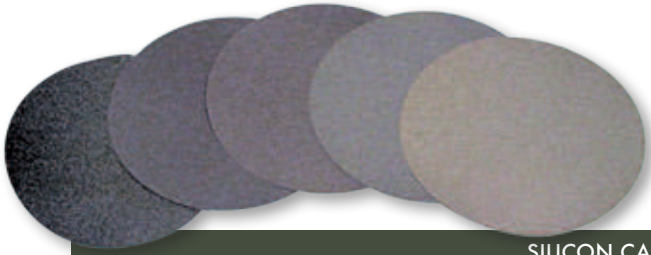

G&G manufactures a wide range of silicon carbides abrasive papers in plain and self-adhesive backing.

All our abrasive papers have a thick coating of silicon carbide powder on a strong paper support and **assure perfect and repeatable results** in both manual and automatic sample preparation.

The **EZ-DISK system** allows the adhesive paper to be easily removed from the working wheel, without leaving particles of glue which could prevent a perfect flatness and correct wearing of the papers.
